About Us:

It is indeed my pleasure to introduce our company to you. Projects Maintenance Corporation is a 100% Saudi owned ISO 9001:2015 Organization owned by Mr. Rashid Al Ghanmi which was formed for the basic of providing Construction, Fabrication, Operation & Maintenance and Support Services to Oil, Gas, Petrochemical and power industry.

Our Vision:

To be the preferred contractor for industrial Construction, Fabrication, Operation & Maintenance and Support Services Contractor in the Kingdom of Saudi Arabia.

Our Mission:

Deliver safe, quality, timely and cost effective services. Continuously improve organization capabilities. Attract and develop a motivated, professional, ethical and inclusive workforce. Empower and foster an environment for team work and innovation.

PMCO Team

People are one of the most valuable assets in PMCO. We believe that success of the Company relies on the quality of its workforce who collectively knows how to deliver results. The culture of the Company plays a pivotal role in creating a climate that will ignite individual innovation, quality/productivity consciousness and results-driven attitude while enjoying both sense of accomplishments and sense of belongingness.

During employment in PMCO, employees are given not only lucrative jobs but have the opportunity for challenging careers. We encourage our people to uphold the highest standards of workmanship in performing their tasks and while doing so, they are directed towards developing their full potentials as living and thinking individuals. To assist them in their career development, the Company is investing in Learning and Development with the core principle that each employee has the potential to develop and competencies to continually improve for optimized performance. A well-trained workforce provides relevant results that are essential to achieving corporate goals. Specific training programs for young Saudi nationals have been established to ensure continual development of the local workforce.

PMCO Core Values

- ◆ **Safety:**
We are committed to Zero accident in every task that we do. We believe that strong safety practice is an essential part of our business.
- ◆ **Excellence:**

- ◆ **Reliability:**
We will optimize the company's assets in order to achieve the highest availability standards and provide uninterrupted services to our client in collaboration with all parties involved.
- ◆ **Learning and Growth:**
We pursue with passion the development of our people and the continuous improvement of our operations.

PMCO Strategy

- ◆ Gaining customer trust by maintain best quality & cost effective service.
- ◆ Determination and ability to take challenging projects and deliver safely on time.
- ◆ Striving for innovation and introduction of new technology and techniques.
- ◆ Educating customers about new divisions and benefits.
- ◆ Expansion of existing facilities as per the client and markets requirements.
- ◆ Providing practical services, products and solutions through talented individuals and enabled by information technology.

SAFETY Management

PMCO has a strong commitment to the highest standards for health and safety of our employees, clients, contractors, suppliers and the general public as well as for the protection of the environment in the communities in which we live and work. Since beginning safety & Training have been a top priority in the organization. Our strategy of no compromise on safety and proper training of our men gave us good mileage in gaining the confidence of customers. Leaving nothing to chance we believe it is essential that all our personnel adhere to strict safety guidelines and undergo extensive training. Every member of Saudi Hydro operation undergoes frequent in-house safety awareness and refreshment programs which enable us to handle the jobs in a safety way.

QUALITY Management

PMCO promotes a strong Quality culture within the organization. We firmly believe that Customer satisfaction is our key to sustain our growth and that Quality serves a crucial role in ensuring such satisfaction. To align our Quality Practices with world class standards, we have adopted the use of Quality Management System certified under ISO 9001:2015 by BQC. At PMCO we use our ISO certification not only for documentation but for the transformation of the company.
